### Agreement for good and healthy Kita-Food

Dear Parents,

In the past weeks, we spoke with the parent representatives (Elternvertreter). We talked about the children's meals. We also talked about the costs.

Good and healthy food is very important to us. Therefore, the children receive every day:

- lunch in organic quality
- an afternoon snack (Vesper)
- fresh fruit and vegetables

The Senate Administration has decided: Parents must pay a contribution for the meals.

Starting April 1, 2026, the cost is: 75 euros per child per month

You will receive an agreement form. Please read the agreement. Please sign the agreement.

Please return the signed agreement by March 13, 2026 to the Kita-Leitung.

Do you have questions? The parent representatives (Elternvertreter\*innen) and the Kita-Leitung can advise and help you.

Thank you!  
Kind regards
